GRADUATION REQUIREMENTS

- | | |
|---|---|
| <input type="checkbox"/> 2.0 cumulative UTK GPA | <input type="checkbox"/> 42 hours at 300 level or above |
| <input type="checkbox"/> C or better in each major course | <input type="checkbox"/> 60 hours at a 4-year college |
| <input type="checkbox"/> 124 hours | <input type="checkbox"/> Last 30 hours at UTK |
| <input type="checkbox"/> Deficiencies removed | <input type="checkbox"/> At least 9 hours in major at UTK |

NOTE: Hours to remove
deficiencies increase the total
hours to graduate

*See notes on facing page.

After 90 credit hours is completed, an official Senior Standing Sheet may be requested in Room 209, Student Services Building.

DEGREE PLAN NOTES

Foreign Language

All students wishing to enroll in a French, German, Latin or Spanish course who had the language in high school and who have not yet had a college course in it must take a placement test before enrolling. This rule does not apply to students who receive AP credit in the language. Placement in the appropriate course will be determined by the score of the exam. Ordinarily, a student will not be allowed to enroll in a course at a level above that determined by his/her placement exam score. Students who feel they are wrongly placed should consult the appropriate language department. The exam will be administered during Summer Orientation and during Fall, Spring, and Summer registrations.

Students who place into the 200 level language courses will receive six hours of elementary language credit, provided, however, that they do not thereafter receive credit for any 100 level course in the same language. In such event, elementary placement credit is forfeited and removed from the student's transcript. Students who place into the 300 level languages courses will receive six hours of intermediate language credit. Under no circumstances may any student earn more than six hours of language placement examination credit. Students whose native language is not English may meet this requirement by passing English 131 and 132 and any two courses from Humanities List A: Literature or List B: Philosophical and Religious Thought. These latter courses may also be counted toward the Humanities Distribution requirement. If your high school did not offer the required two years of a foreign language, you may remove the deficiency but must do so during the first 60 hours of University work.

Natural Science

Students may meet this requirement by completion of a two course sequence from List A and an additional two course sequence or package from List A or List B.

PART B: Upper-Level Distribution

It is recommended that the Upper-Level Distribution requirements be fulfilled after the student has achieved upper division standing (completion of 60 hours). Courses used for the major may not be used to satisfy Upper-Level Distribution requirements. Conversely, courses used to satisfy the Upper-Level Distribution requirements may not be used to satisfy the major requirements.

Foreign Studies

If Western Civilization or Medieval Civilization is taken to satisfy the Non-U.S. History requirement, the European concentration may not be chosen here. This option may also be satisfied by taking literature courses taught in the foreign language (Arabic, Chinese, French, German, Greek, Hebrew, Italian, Japanese, Latin, Portuguese, Russian, Sanskrit, or Spanish). Literature courses in English translation will not meet this requirement.

Major

Major will consist of 24-40 hours with a minimum grade of C earned in each course. Prerequisites/corequisites to the Major may be used to satisfy the Basic Skills or Distribution requirements where listed. A student may select a second Major. These courses may overlap with the first Major and the Distribution requirements.

Electives

The remainder of the student's course work must include enough hours to fulfill the 124 hour degree requirement. At least 42 of the 124 required hours must be upper-division (300-400 level). Minors are optional.
